THE PROPOSED BOND ISSUE

The City Council is asking the tax payers to authorize the selling of $137,000 in bonds and proposes to use $112,000 of this amount to repair streets in one of the business sections and to widen certain streets and to build new sidewalks. The remaining $25,000 is proposed for a repair job on the old Academy Building to be used as a city hall.

The Herald allocated considerable space to Mayor McCullin's statement outlining the proposed issue and was glad to place at his disposal the columns necessary.

Since a number of facts involved in the proposal have not been stated, The Herald, solely in the interest of bringing information to its readers, and without opposing or advocating anything, hopes for a tolerable atmosphere in which to exercise its rights of editorial expression.

The legal notice calling the election is unusual because it does not state the amount of tax to be levied. Under its terms the City Council can levy whatever tax may be necessary.

If the bonds are authorized a tax of 30c on the 100 dollars of property valuation will have to be levied. This amount will be necessary for some time. The notice recites that the city will retire these bonds within 20 years. That means substantialy $7000 a year in principal with interest on the whole payable annually. First year interest at 3 per cent will be $4,110.00 and the principal of $7000.00 will make a total requirement of $11,110.00.

Based on the city's last known taxable values of 3 million, seven hundred thousand dollars a tax of 30c on the hundred dollars of valuation will bring in $11,100.00. As can be seen a 100 per cent collection would have to be made if the 30c tax is sufficient.

The Council proposes to levy a new tax of 10c and take 10c from the general fund. That would yield only $7,400.00.

In some manner not yet explained ten cents will be needed. If the council revises its fiscal policy before the tax rate is fixed this summer and takes 20c from the general fund it would have enough money, provided there is full payment of taxes.

It is important to bear in mind that the Council can, at any time it desires levy an additoinal $1.00 tax because the rate was automatically hiked to $2.50 when the city found itself with over 5000 people in the 1940 census.

We wondered, when we first heard about it, why anybody would want to make a motion picture about the atom bomb. In the first place, it is an awesome subject, terrifying to most imaginations. As film fare it didn't seem to offer opposition to Lana Turner and Van Johnson. And the box-office, we are told, still pays Hollywood's bills.

It likewise occured to us that the bomb is a pretty ticklish topic. As some wag put it, it's dynamite. Certainly Messrs. Molotov and Bevin and Marshall would agree to that. It seemed that the movie makers would have to walk an international tightrope to put this over on the screen. You know there are lots of folks who haven't made up their minds about atomic energy. Some of us think we should share the secret with all nations. Others are determined the know-how shall be locked within ourselves. Still others think we might let England in on it but hide the secret from Joe and his pals with the pink whiskers.

The other evening it was our privilege to witness an advance screening of the picture, "The Beginning Or the End," and we think we have the answers to some of the questions that have been asked. It is an awesome subject and it certainly is terrifying. But it also is entertainment, big entertainment. The kind of bigness that opens the cells in your brain and gives them some mighty important thinking to do. Because we all have a stake in this thing, this atom business, you and I, our children, and our children's children, make no mistake about that.

The film comes to the screen of the

STRONG MARKET PRICE WILL PREVAIL HERE

The 1947 tomato market will formally open in Cameron Wednesday it was announced by J. L. Foster, Jr., of the Foster Produce Company.

Mr. Foster is now receiving a few tomatoes but the crop is late and No. 1 greens will begin to come in by the middle of the week. The Foster Produce Company is paying 15c pound for pinks. This price brings the producer $7.50 per bushel for tomatoes ready for immediate consumption.

When the Herald checked early Monday the price on green tomatoes was No. 1 eight cents and No. 2 four cents. Mr. Foster said that while the crop here is late and some damage has resulted from too much rain and bad weather, it appears the quality will be good.

Mr. Foster has announced that he has opened a loading shed at the Santa Fe freight depot and platform. This loading shed is now in operation and will greatly increase facilities for handling the crop.

Mr. Foster said that all tomatoes for car load shipments will be received at the Santa Fe and that all tomatoes destined for truck transportation will be handled from the platform at the produce house on Highway 77 and Howell Street.

Mr. Foster said that at least 50 per cent of the crop in 1946 was not handled because of the lack of facilities. This year he said he would be able to handle a much larger volume

PENSION CEILING FAILS

STATE AID IS VOTED FOR LOCAL SCHOOLS

The Cameron School Board on Friday night voted to go on state aid in order to take full advantage of the increased appropriations and teacher pay will be hiked accordingly.

The Cameron schools are facing an alternative which would mean greatly increased local taxes if the present system is maintained.

Dr. C. G. Swift, president of the board, said early Saturday that going on state aid was a happy solution of the need here and that teachers will get greatly increased pay.

Under the terms of the state aid law a per capita apportionment of $55 is to be made in 1948. By going on state aid the Cameron schools will receive greater appropriations from the state school funds.

FIELD MEET FOR SCOUTS

83 SENIORS HERE GET DIPLOMAS

REMOVE LIMIT OBJECT OF NEW AMENDMENT

An erroneous conception of the needs of the Old Age Assistance Commission at Austin and likewise a mistaken gesture on the part of the people who voted for the $50 million dollar ceiling two years ago, came back like a boomerang yesterday in the House of Representatives.

The Texas House voted 121 to 14 to submit an amendment to the constitution to repeal the amendment whereby the ceiling was set.

When the constitutional amendment was submitted two years ago The Herald called attention to the error about to be commited and urged the people to vote against it. Milam county returned a weak majority against the amendment, but Texas at large voted for it.

It was evident then to all thinking people that a limit on the amount of money that could be appropriated for old age pensions would lead to trouble.

What the legislators probably knew but didn't think the people knew, was that many old people could not get on the roll if the full amount were paid. Texas grows and when Texas grows there will be more old people and more money will be needed.

Real friends of the old people were happy over this development in the House. The measure has yet to go to the Senate.

COFFIELD RANCH WILL BE HOST ON JUNE 2

A fast moving program of ten field contests for the Boy Scouts of Milam County has been arranged by the Milam County District Committee of the Heart O' Texas Council B. S. A on Monday June 2.

This field meet will be held at the Coffield Diamond H Friendship ranch and will begin at 1:00 p. m.

The local Scout officials will be assisted by the Executives of the Waco headquarters office staff and they have mapped out a very entertaining program for the afternoon.

Necessary transportation will be furnished the scouts in Army trucks and they will be served drinks and eats.

The parents of all scouts are invited to see the contests and the Court of Honor to be held at the close of the program.

All Scouts participating in the Field meet will be served an open air barbecue after the Court of Honor.

The Milam County Committee has found that the eligible boys of the county are anxious to avail themselves of the benefits of Scouting and if enough adult leadership can be obtained this promises to be the best year that Scouting has ever had in this district.

All Cub Scouts of the County are invited but will not participate in the events although they also will have plenty to eat and drink.

BIG CROWD HEAR CLASS LEADERS GIVE TALKS

Graduation exercises for members of the Senior Class at Yoe High School were held Tuesday night and 83 whose high school days are over, received their diplomas.

Members of the Senior Class directed the program and five of the ranking students took part in the program.

In recent years the graduation exercises here have been carried out with a program arranged by the Seniors and the sterotyped commencement address has been abandoned and well may it always be for applause and enthusiasm proves that patrons want to hear those who have completed their days in high school.

The program Tuesday night opened with a band selection led by Francis Cox and the Seniors marched to the stage of the gymnasium and Ladis Marek, Jr., gave the invocation.

Beatrice Michalka, salutatorian of the class, spoke on "Trustees of The Home." The theme of the graduation program this year was "Youth—The Trustees of Posterity."

Mary Neil McClellen, valedictorian of the class and first ranking student, spoke on "The Trustees of Education."

Benard Polzer spoke on "The Trustees of Health and Safety."

Margaret Horstmann gave an address on "Trustees of World Citizenship."

Awarding of scholarships and diplomas closed the program for the night.

SUMMER ACTIVITIES PROGRAM ANNOUNCED

A summer activities program has been announced by Mrs. C. W. Bradbury for the Girl Scouts as follows:

The first two weeks of June, swimming classes will be conducted by Mrs. Leland Denson. Tennis classes third and fourth weeks in June, and will be taught by Mrs. Charles Craig.

Mrs. Bueford Harding and Miss Mary Ellen Cottle will begin a class of Dramatics the third week in June. Classes will be held at the Scout Little House. Mrs. Roy Hensley will teach drawing and painting during the third week of June.

The Leather Craft classes will begin on June 1. at the Scout Little House with Mrs. Albert Collins and Mrs. Bill Burns directing classes.

Cooking classes under the direction of the Lone Star Gas Company will begin July 7 and continue through July 11.

Lt. Billie Mitchell Graduates At Army Information School

Lt. Billie Mitchell of Buckholts, former Manager of the Chamber of Commerce here, has just graduated from the Army School of Information at Carlisle Barracks in Pennsylvania.

Lt. Mitchell was one of 159 officers to get commissions. The graduation ceremonies were attended by General of the Army, Dwight D. Eisenhower who presented the commissions.

The school courses were for a period of three months. Lt. Mitchell is a veteran of World War II.

Smith County, Kansas, is the geographic center of the United States.

L. G. Smith, manager of Chamber of Commerce spent the week end with his parents at Bryan.

FARM SUBSIDY IS CUT

REPUBLICANS WHACK OFF 32 PER CENT

WASHINGTON, May 22, — A 32 per cent cut in agriculture appropriations was recommended today by the Republican-controlled house appropriations committee. Democrats promptly announced they will fight it right up to next year's elections if necessary.

It was the biggest percentage cut voted by the committee since it slashed 45 per cent from the Interior Department budget more than a month ago. If sustained by the house, it will boost to approximately $2,033,000,000 the reductions voted by the house so far in its drive to trim $6,000,000,000 from the president's $37,500,000,000 budget for the fiscal year starting July 1.

Democratic committee members assailed the action and bitterly contested it during a four-hour meeting before the bill was approved.

Their spokesman, Rep. Gore of Tennessee, said that "will take this fight for fair agriculture appropriations to the voters next year if necessary."

Gore and his colleagues were not optimistic over the chances of changing the bill when the house acts on it next week but they were hopeful that the senate would restore some of the cuts.

The $805,143,576 approved by the committee for the agriculture department compares with $1,188,571,318 requested in the president's budget and $1,274,686,051 the department had for current year operations. All figures include loan authority, transfers and reappropriations of previously supplied money.

17 TOWNS DELEGATION ATTENDS WATER MEET

Seventeen central Texas towns were represented at the meeting of the Central Texas Water Works and Sewerage Association in Cameron Wednesday night.

L. W. Smith, manager of the Community Public Service Company and secretary of the association said the meeting was one of the most beneficial and educational ever held. The delegates convened at the Cameron Country Club.

In all there were 69 delegates present. The next meeting of the Association will be held in Temple on June 18.

Mayor McCullin gave the welcome address and this was responded to by D. S. Wimberly of the Milam County Health Unit. Clayton Billings of the state health department was a speaker and motion pictures were shown.

The meeting was presided over by President Wade Wooten.

The film will be the second movie record of the dedication, Paramount films having been shown here Sunday and Monday.

NATIONAL HONORS FOR LOCAL FUTURE FARMER

Harvey Westbrook, young Future Farmer here, found himself in the national spotlight this week as the winner of a $500 prize under an essay contest sponsored by Swift & Company of Chicago.

Harvey, member of the Cameron FFA, won one of the 20 prizes in the sixth group.

His essay was from the subject "The Marketing of Perishable Products. The essay contained more than 1500 words and he was awarded a prize of $500.

The contest was open to all students in high school of the United States taking vocational Agriculture.

Judges in the contest were professors in the school of agriculture of Oklahoma A&M College.

Wilfred Polzer and Eugene Jekel of the Cameron FFA Chapter also entered the contest.

Wm. F. Arthur, teacher of Vocational Agriculture is very proud of the showing of his boys in the national contest.

FIVE RECRUITS SWELL RANKS BATTERY HERE

Battery C, 239th FA Bn., local unit of the National Guard, possibly will be inspected for Federal recognition within a week or ten days, Captain Rudolph Michalka, Commanding Officer, said today when announcing new developments in the organization. At present the enlistment papers of the unit are being checked at battalion headquarters in Temple to be in readiness for the inspection.

Five new men have been enlisted in the battery, he also announced. They are: Denson Crouch, Jimmy McGoldrick, Mainrod Mraz, Henry Ford Roberts and James Leath. The latter three are veterans; Crouch and McGoldrick will have their first experience in military training.

Drill and training for the battery will begin immediately after the inspection, Captain Michalka explained, and probably it will be for two evenings a week until the end of June.

JOHN RICHTER IS DEAD

FUNERAL SERVICES ON FRIDAY FOR PIONEER

(From the Daily)

John Richter, 78, pioneer and for many years a resident of Cameron and Milam county, died in Newton Memorial Hospital here at 12:30 a. m. Thursday, May 22.

Mr. Richter had been ill for several months and recently had entered the hospital for treatment.

Mr. Richter was born in Austria in 1869 and like many of the sturdy European pioneers, came west to the American continent in 1885. His ship landed at Galveston and Texas was young. He came directly to Milam county and settled in the Ad Hall community where he established his chosen life in farming and stock raising and continued active in the management of his properties until 1929 when in advanced age he moved to Cameron and had lived here since.

Mr. Richter was married to Miss Annie Schank, also a native of Austria in the year 1890 in Cameron. Mrs. Richter preceded her husband in death in 1919.

Two sons, John and Henry Richter, and one daughter Olga, preceded him in death some years ago.

The body of the pioneer was at the family residence at 1312 West Main street in Cameron. Funeral services were to be held Friday, May 23. At 9 a. m. Rev. George J. Duda, pastor of St. Monica's Catholic church, will conduct a service at the family residence and at 9:30 a. m. the body will be taken to the church where services

To The Voters and Citizens of Cameron

We your City Council, have called a Bond Election i nthe amount of $137,000 for Tuesday, June 3, at the City Hall, Cameron.

We want to ask you, each as an individaul citizen, to go to the polls and express your privilege and vote FOR or AGAINST the issues as you think best. But we do want you to vote so that we might know the true sentiment of our people.

We have divided the issue into two parts: One is for the authorization of $25,000 in bonds to build, construct, and to repair the Old School building to be used by the City for a Fire Station and a Municipal building; the other is for the issuance of $112,000 to repair, and construct new streets, along with sidewalks and gutters in 30 blocks in the business district of Cameron, using the present topping by reprocessing the material and using as a base on the new work thus affording a great saving to the City. Thirteen of the blocks would be widened and greatly improve the appearance of Cameron.

We have said to the people that it will be necessary to increase our present tax rate from $1.50 on the $100 valuation to $1.60 per hundred for five years; but, at the end of those five years, five cents would be dropped and after another three years, another five cent cut could be made, thus bringing the rate back down to $1.50. Before you vote, consider your assessed valuation and see what 10c on the $100 valuation would amount to during a year, and then decide if it is worth it to your town. In many cases, the proposed tax would amount to only fifty cents to a $1.00 per year in case the Bond Election is successful.

We believe that this is the best program at this time for Cameron and your City Council and the Advisory Committee have made a thorough study of the City's affairs and of its finances. We agree with you that there are a great many improvements needed and we know that we must start somewhere and that you will not find any program that will please all of our people, but we do believe that this program is SOUND and is a definite step for PROGRESS and a better CAMERON.

Cameron is your TOWN! Let your City Council know on Tuesday, June 3 that you favor this program for progress; but, by all means, go to the polls and vote.

T. J. O'Neill Gets West Point Offer; Has Notable Record

T. J. O'Neill, 17 year old Junior student in Yoe High School, is the receipient of unusual honors in that he was tendered an appointment to West Point in February of this year.

Congressman W. R. Poage named O'Neill for the appointment but due to his age he could not qualify. He was unable to qualify because of a junior classification. He hopes to be able to take advantage of the appointment if tendered again in his Senior year which will be in 1948.

The honor of an appointment to the United States Military Academy at West Point is unusual for a high school student. The anouncement of the appointment tendered by Congressman Poage focused atention upon the unusual record T. J. has made both as a student and in athletics at high school.

Coach Leo Jackson who says T. J. is his field general as quarterback on the foothall team, has obliged The Herald with a statistical record on O'Neill's high school days.

O'Neill has earned a total of 9 letters in athletics. He has won 3 letters in football and was Co-Captain of the team in his Sophomore and Junior years. He has won 2 letters in basketball, 2 letters in track and 2 letters in baseball for a total of 9.

As a backfield star O'Neill has been a scoring ace and when the season ended last November he had scored a total of 150 points. He scored 18 points in his freshman year, 60 points in his sophomore year and 72 points in his junior year. Coach Jackson who says he is "a little coach on the field," thinks T. J. will have his best year as a senior in 1948. He plays quarterback, calls the signals and directs the team. He was the leading scorer in his sophomore year.

O'Neill has played regular forward 2 years on the basketball team. He is something of a sprint star. In track he runs 100 yards in 10.2 and 220 in 22.1. In the broad jump he makes close to 20 feet and also runs on the 440 realy team.

O'Neill plays center field on the baseball team and is one of the leading hitters. His best day was two home runs against Temple in one game.

As a student O'Neill is outstanding as will be seen from his literary accomplishments. He is a member of the Debating Team winning second place in district competition.

O'Neill's scholastic rating is most excellent. His grades in freshman year were 3 A's and 2 A plus. In sophomore year 2 A's and 2 A plus and in his junior years in the first semester he made 4 A's.

Judge John Watson has returned from his visit with his daughter, Mrs. Donald Kilgore and son, John B. Watson of Dallas.

Chas. Hicks, County Superintendent is attending a meeting of the County Co-ordinators at Franklin a few days.

Staff. Sgt. O. B. Hickman and wife of Austin visited his father, Monroe Hickman and his Aunt's, Mrs. Dan Lunsford and Mrs. Walter Mulinix of Cameron.

Want to Run a "Collective" Farm?

Was reading the other day about the "collective" farms they have in certain countries. It seems the folks who run them have plenty of help . . . good hours . . . and the best equipment.

Sounds pretty nice — till you learn that the "farmer" doesn't own his land, or even farm it, in our sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations.

No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way — freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

SAN GABRIEL PLANTER SUCCUMBS LATE SUNDAY

Hardin H. Camp, 79, widely known planter of San Gabriel and President of the Rockdale State Bank, died shortly before midnight Sunday, May 25.

Funeral services will be held from the family residence at San Gabriel at 2:30 p. m. Tuesday, May 27 and Wade McGinnis, friend and layman of the Chrstian church of Taylor, will deliver the funeral oration.

Mr. Camp died at his home in San Gabriel, an impressive country estate on the rich acres which had claimed his major interest since he moved to Texas from his native state of Georgia some 62 years ago. Mr. Camp had been in declining health for several years and while his death was not unexpected it came with shock to members of the family and to friends throughout central Texas.

Mr. Camp was the son of the late Mr. and Mrs. A. M. Camp who came to Milam county and settled on the Gabriel river almost three quarters of a century ago.

The body of the farmer and banker is at the Funeral Home of Phillips & Luckey in Rockdale and interment will be made in the cemetery at San Gabriel. Mr. Camp was a member of the Christian church.

Early in life he engaged in farming and stock raising and owned a large plantation on the San Gabriel river near the town of San Gabriel. He had been President of the Rockdale State Bank for many years and during the late war was a member of the Selective Service Board at Rockdale. Although he had banking and other business interests his lands and fine home at San Gabriel claimed his major interest for his entire active life. Cotton, corn and white faced cattle made up the major producing program at his farm. He was one of the first stockmen to institute the white face beef cattle in Milam county and one of the first to feed out beef cattle. He lived to see the county become third in Texas in the number of cattle under feed.

Two sons and three daughters survive as follows: Morrell Camp and Ike Camp, both of the Camp plantation at San Gabriel; Mrs. Rae Jackson of New Jersey; Mrs. Mary Leachman and Miss Lois Camp of Dallas.

Mrs. H. H. Camp, his first wife died about ten years ago and Mr. Camp married again some years later and is survived by his widow.

Four brothers and two sisters survive as follows: E. A. Camp of Rockdale; Hope Camp of San Gabriel, Henry Camp of Thorndale and B. H. Camp of Temple; Mrs. Mamie Caldwell of Rockdale and Mrs. Birdie Amason of Roswell, New Mexico.

Emory B. Camp of Cameron is a nephew of the deceased.

CAMERON WINS OVER TAYLOR HERE SUNDAY

Cameron got revenge on the Taylor ducks here Sunday and climbed up a bit in the averages in the Central Texas League.

Behind the superb pitching of Reed the Cameron team was able to defeat Taylor 10 to 4. Reed in fine form let the Ducks down with six hits while the Cameron sluggers gleaned 11 off the Taylor pitcher. Reed had a good ball, plenty of control, speed and curve and fans got quite a treat seening the mound ace set the ducks down with 6 hits while going the full route.

Jones, catching for Cameron, was well pleased with the pitching and turned in a good game himself.

On next Sunday, June 1 the Cameron team will be host to the team from Westphalia. They will play a double header here and more details will be published later.

Mrs. Maude Hillyer is visiting her daughter, Mrs. Barney McCoy in Galveston. Mrs. McCoy's husband lost his life in the Texas City disaster.

Mrs. Roy Hightower has returned from San Angelo where she visited her brother and family Mr. and Mrs. J. M. Delahunty. Mr. Delahunty is a patient there in Shanon Memorial Hospital, and is reported to be improving. Mrs. Hightower attended the funeral of Mrs. Delahunty's mother, Mrs. John Barker while there.

Mrs. Blozin of Calvert spent Sunday with her sister, Mrs. C. Storey of Maysfield.

200,000 WAR VETS ARE BEING ACCUSED

WASHINGTON, May 22 — The Veterans Administration made "a rough guess" today that 200,000 World War II veterans, fraudulently or through error, have cashed in on unemployment or subsistence benefits not due them.

By coincidence, the report came as Rep. Edith Nourse Rogers (R-Mass), chairman of the House Veterans committee, anonunced that subcommittee soon will recommend a boost in the subsistence allowances of veterans going to school under the G. I. Bill of Rights.

A Veterans Administration spokesman said that the more serious cases of suspected cheating have been turned over to U. S. district attorneys for prosecution.

He said that state agencies have been doing their own investigations, reporting their findings to VA representatives for discussion with the veterans involved. One state was reported to have pressed 300 cases in court after sifting 9,000 records and finding 1,600 possible cases of improper collection.

Penalties provided by law range from loss of all veterans benefits to fines and imprisonment. However, some judges are said to have been extremely lenient and one case was cited of a group of veterans getting off with little more than a lecture—a one-day probation.

The administration official said also that there have been "a large number" of cases in which veterans forged names of other veterans in an effort to collect more money.

Most violations were said to be:

1. Collections of unemployment compensation by veterans who have jobs or by veterans who are attending school and in many instances drawing educational subsistence allotments.

2. Collection of both state and federal unemployment benefits.

Mrs. Rogers told the house rules committee that amounts now paid veterans attending college are so low as to discourage some of them from entering the program.

She said that the bill due for subcommittee approval would raise the subsistence given an unmarried G. I. student from $65 to $75 a month. The boost for a married one would be from $90 to $110, with $15 extra for each child. The estimated extra cost is $149,000,000.

Parking Woes Aired By Country Buyer Who Criticises City

Yes sir main street has changed. In the good old days you could park anywhere and step in to any store, and buy and load what you bought. Now you have got to park a mile or two away from most stores on main street and then carry what you bought that far. Why? Because there is no parking place for us country folks anymore.

All parking space is reserved for this and that, and the rest is taken up by the Big Shots, etc., cars.

Other towns work like hell to give their country consumer parking space while Cameron works like hell to keep them away. Why don't they just put up a sign, Saying "No Country trade wanted in this store". That would at least be honest—and not block the whole street with reserved signs, and their own big fine cars. Why can't they leave their big boxcars at home and walk a block or two, so that their country customers could find a parking place and spend their money in Cameron, and not have to go some where else to find a parking place and spend their money.

This is what they all say. "What is the use to go to Cameron there is no parking place for the country people. We just as well go some where else where we can find a place to park, and to hell with Cameron they don't want us there anyway."

The above was written across the face of an ad in The Daily Herald, entitled "Main Street Has Changed." Of course the ad was laying emphasis on buyer consciousness, but our country friend who does not sign his name, raises a question we should seek to answer and answer at once. Thinking business men have known these conditions have existed for years.

Cameron needs space. Traffic is jammed in to a small area. Many small towns have solved the problem by parking meters but all new things are resisted. Parking lots might offer a profitable business for some enterprising garage man. In any case we must solve the farmer's problem who wants to get to the stores on main street.

The Eskimo can build his igloo (house) in an hour.

LONE STAR News

HERE'S WHY MORE THOUSANDS OF TEXANS CAN NOW ENJOY Double Mellow LONE STAR BEER

"Let's take a break for a Lone Star Beer"! When you hear this familiar phrase you should expect to get what you ask for. Because the capacity of Lone Star Brewery has now been doubled—to meet rapidly growing demand for this double mellow brew.

To do this—Lone Star added new laboratory facilities—enlarged engine room—additional brewing and storage tanks—additional high-speed bottling equipment—new loading docks. All of this —and much more has been necessary to increase the production of Lone Star Beer.

But expansion has been frequent in the seven years of Lone Star's existence. From its small, original brewing plant, Lone Star has grown into one of the finest and most modern breweries in Texas. And Lone Star has grown because quality has never been sacrificed for quantity.

So now, when you "take a break for a Lone Star Beer", your chances of getting it are more than doubled. If you must accept a substitute, remember to ask for Lone Star again. Because now there is twice as much Lone Star. And it's that same premium quality.

Controlled temperature and regular checks assure perfect brews in new brewing and storage tanks.
Now two bottling lines operate 16 hours daily to supply thousands more bottles of Lone Star Beer.
New loading docks and new trucks have been added to handle the increased production of Lone Star Beer

FFA Boys Entertain Dads At Barbecue

On last Thursday night the FFA boys had their dads as guests at their annual barbecue, which was held in Ada Henderson Cafeteria. Plenty of good barbecue, potato salad and all the trimmings were served. Approximately 100 attended the affair and enjoyed a short program.

Pete Kunz and Edmund Schmidt presented an act called "Sambo and Rastas" which everybody enjoyed very much. Harvey Westbrook spoke on "The Work of The FFA" and Eugene Jekel spoke on "The National Scope of the FFA.

Guests of the club were Lester Williams, L. G. Smith, Bill Burns, and C. L. Canady.

Anna Maria Matocha, a graduate nurse at Brenham spent the week end with her parents in Cameron.

Eight More Join Up With Donations To Reward Fund Here

Folks just naturally love dogs and they don't want to see them killed.

Nobody likes or respects a man who puts out poison. For that reason and others folks are joining up with cash subscriptions to the reward fund offered for arerst and conviction of person or persons guilty of putting out poison to kill dogs.

Since our last report the fund has grown. It now amounts to well over a hundred dollars and will reach the goal of $250.00 in a few days.

Mrs. Henry Dreyer who likes cats too is a member. J. M. Terry who recently became a member of the city police force, subscribed and tells of losing a fine Collie dog some months back; A. R. McLerran, rural carrier, who first suggested action, joins up and Roy Griffith, widely known fancier of bird dogs and owner of some famous Pointers, is one of the large contributors; Nat Wofford who is with the Veterans Administration, requested his name on the list and Cotton Bryan at Hilltop Tavern, telephoned that he wanted a share in the reward money. "I hope I have to pay it for any man who kills a dog with poison without reason is a pretty bad sort of fellow and something ought to be done about it. I congratulate The Herald."

S. W. Dees who recently had one of his fine Walker dogs shot but not killed, has posted his reward pledge and says that besides the downright cussedness of the thing, good dogs are worth money and he is proving it. "My dogs bother nobody," he said.

750 Million Tax Bill To Feed Germans; Uncle Sam Struts His Stuff

The perpetrators of Buchenwald, now the objects of tender solicitude in Germany, turned anxious eyes to ports along the coast to-day and saw the first of 116 ships loaded with food from the United States.

The American tax payer will have to pay 750 million dollars in 1948 to feed 46 million hungry Germans.

This and much more is the price we must pay to maintain an orderly world.

The British say they are broke. That's not new. The United States tax payer will have t otake up the British responsibility for feeding the Germans as they had to do in Greece. Most anybody can put knock out drops in Uncle Sam's coffee.

Mrs. M. A. Chambers who is with the J. C. Penney Company store here, has reutrned from a two weeks vacation trip to Raton, New Mexico and in Colorado and while away she visited her daughter, Mrs. Pete Bove.

Misses Abie and Gladys Pierce from Cameron and their mother, Mrs. Young Pierce of San Saba will attend a family reunion in Fort Worth Saturday, May 24.

Joe Luce made a business trip to Fort Worth Monday.

Mrs. Sophie Winfield and son, Sam, have returned from a visit with her sister, Mrs. Ester Bernstein at Chicago, and will spend a few days in Cameron with Mr. and Mrs. Adolph Winfield before they will return to their home at Austin.

Mrs. J. B. Rector of Shreveport Louisiana is a business visitor here for a few days.

Dr. and Mrs. George Cotton of Temple spent Thursday evening with Dr. and Mrs. S. R. Cotton, and enjoyed dinner at Cato's.

Mrs. L. W. Stroup, of Greenville, South Carolina, is here on a visit with her parenst, Mr. and Mrs. H. H. Stedman, Mrs. Stroup is the former Miss Mary Jo Stedman, and spent her girlhood here. She will leave in a few weeks to join her husband who is attending school at Panama City, Fla.

Mrs. Annie Jackson from Austin and Mrs. Mattie Pinkerton of Milano and Mrs. Laura Cook of Salado, New Mexico are visiting Mrs. Alice Pugh and will attend the Homecoming at Salty.

"Cuts my Kitchen-Time in Half!"

"The automatic features and well planned work centers of my All-Electric Kitchen cut my kitchen time in half . . . and thus give me time to relax and do other things that need my attention."

The modern All-Electric Kitchen is planned like an assembly line . . . with food preparation center, consisting of electric refrigerator and food mixer; cooking and serving center, comprising the electric range, roaster and other cooking appliances; and sink and dishwashing center, for clean-up. And they all have automatic features to save your time and conserve your energy.

Yes, you'll find it fun to work in your electric kitchen . . . and economical, too! Your TP&L electricity, which is one of the few items in your cost of living that has actually gone down in price since the war, does all the real work . . . and at lower cost per kilowatt-hour than ever before.

It's fun planning your electric kitchen, too. Call on your electric appliance dealer for suggestions on how to arrange "work centers" that will save your time and energy.

You may install your electric kitchen step by step, to suit your convenience or your budget, letting each new kitchen appliance you buy contribute its share to the realization of your dream kitchen!

PROPOSING AN AMENDMENT to SENATE JOINT RESOLUTION No. 4

Article VII of the Constitution of the State of Texas by the addition of two new sections to be known as Section 17 and 18 providing a special fund for the payment of Confederate pensions and providing a method of payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent reduction in the maximum allowable state tax on property; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. That Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

"SECTION 17. In lieu of the state ad valorem tax or property of Seven (7c) Cents on the One Hundred ($100.00) Dollars valuation heretofore permitted to be levied by Section 51 of Article 3, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two (2c) Cents on the One Hundred ($100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations, and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate hereinabove levied.

"ALSO, THERE IS HEREBY levied, in addition to all other taxes permitted by the constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred ($100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the governing board of each of such institutions of higher learning is fully authorized to pledge all or any part of said funds alloted to such institution as hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed three (3%) per cent per annum and shall mature serially or otherwise not to exceed ten (10) years from the first (1st) day of January of each year in which such funds are allocated or re-allocated to said respective institutions; provided, the power to issue bonds or notes hereunder is expressly limited to a period of thirty (30) years from the date of the adoption of this amendment; and provided further, that the Five (5c) Cent tax hereby levied shall expire finally upon payment of all bonds hereby authorized; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty (30c) Cents on the One Hundred ($100.00) Dollars valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

"FUNDS RAISED FROM said Five (5c) Cents tax levy for the ten (10) year period beginning January 1, 1948, are hereby allocated to the following institutions of higher learning, and in the following proportions, to wit:

Institution	Per Cent of Total
John Tarleton Agricultural College	5.72107
North Texas Agricultural College	6. 17028
Texas State College for Women	11.52992
Texas College of Arts and Industries	4.75551
College of Mines and Metallurgy	4.71936
Texas Technological College	16.54877
East Texas State Teachers College	8.10657
North Texas State Teachers College	12.64522
Sam Houston State Teachers College	5.55068
Southwest State Teachers College	6.78474
Stephen F. Austin State Teachers College	4.55414
Sul Ross State Teachers College	2.15315
West Texas State Teachers College	5.41643
Prairie View Agricultural and Mechanical College of Texas	5.34416

"NOT LATER THAN June 1st of the beginning year of each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participate in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or constructing of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

"SECTION 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million ($5,000,000.00) Dollars, and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million ($10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be selfenacting.

"SAID BOARDS are severally authorized to pledge the whole or any part of the respective interests of the Agricultural and Mechanical College of Texas and of The University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"ALL BONDS OR NOTES issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

SEC. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon:

"FOR THE AMENDMENT to Article VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

"AGAINST THE AMENDMENT to Artcile VII of the Constitution of the State of Texas, adding Sections 17 and 18 providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five (5c) Cent reduction of the maximum allowable state tax on property, making such tax not to exceed Thirty (30c) Cents on the One Hundred (100.00) Dollars valuation; providing a method of payment for the construction and equipment of improvements and buildings at the Agricultural and Mechanical College of Texas and The University of Texas."

SEC. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the constitution and laws of this state.

SEC. 4. The sum of Ten Thousand ($10,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of the state, not otherwise appropriated, to pay the expense of such publication and election.

PARENT TEACHER WORK FOR YEAR REPORTED

Mrs. Alva Sanders, president of the Parent-Teachers Association reviews the years work and shows these accomplishments.

Several hundred year books were distributed, and the subjects presented were on health, safety, mental hygene, education, membership and Founders Day. Mrs. E. H. Becker, the State President's visit was the highlight of the year. One meeting was held jointly with the Mother's Club in order to hear Mrs. Virginia Scharbrough, lecturer from Texas University. One meeting was a movie. The groups to assist on Christmas proservices are offered to various civic jects, but none was carried out.

Mrs. Sanders expresses her sincere appreciation to the officers and representatives and chairmen who served on the executive Board and assisted throughout the year; Mesdames Inez Collins, Leo Fuchs, W. B. Denson, August Knipp, C. M. Hicks, C. W. Hudson, Carroll Green, J. B. Henderson, Grady Stidham, A. L. Witcher, C. W. Hinyard, R. L. Batte, Dan Collins, O. B. Horstmann, Ben Reichert, Frank Schiller, Max Howard, J. W. Stufflebeme, Emmett Streetman, Stanley Hughes, Roy Hensley, C. L. Canady, and Miss Mary Randolph.

The membership was 22 less than the minimum hoped for, but had 126 members, an increase of 39 over last year. Of this number 28 were men, 98 women. An estimated 100 families are represented in the P-TA.

The year was begun with $1.49 Collected $69. 61 in dues and contributions, paying $41.37 to State dues and contributions. A total of $28.24 was left for P-TA use. $284.97 was raised, $100.000 of this was paid to the school milk fund. A bank balance of $160.00 remains to be designated at this time. Of this amount, $15.00 went to the Freshman Class and second grades for attendance prizes for the year. Of the remaining items spent, $13.31 less that the budget estimated. Co-operation with the football carnival, and three days of sales of refreshments were held.

Expressions to State Representatives in favor of legislation for teachers benefits have been made. Several hundred items of clothing and apparel to less fortunate school children have been distributed through the Welfare Committee.

All meetings were opened with a prayer and song, and announcements were made on each occasion through newspapers and the school address system.

The accounts have been audited by Mrs. J. W. Stufflebeme, Mrs. J. B. Henderson and Mrs. C. L. Canady and found to be in good order. Checks have been given to the school milk fund for $135.00. $25.00 will be held until November 1, and if no new officers take over, this balance will automatically revert to the school milk fund on that date.

MRS. N. E. COLBURN IS DEAD AT YARRELLTON

Funeral services for Mrs. N. E. Colburn, 70, will be held at the Yarrellton Baptist church Tuesday, May 27 at 2:30 p. m.

Rev. Joe Music, pastor of the church will conduct the services, assisted by Rev. Leon Vorpahl of Eddy. Interment will be made in the cemetery at North Elm with the Green Funeral Home in Cameron directing arrangements.

Mrs. Colburn was attending church services Sunday and suffered a heart attack. She was rushed to St. Edwards hospital in Cameron for treatment. Death came at 4:20 a. m. Monday, May 26.

Mrs. Colburn was born in Austin county, Texas, on July 11, 1876 the daughter of the late Dave and Mary Campbell, pioneers. Shortly after her marriage to N. E. Colburn who survives her, they made their home at Yarrellton and have lived there since. They are the parents of two sons, Herbert and Clarence Colburn of Yarrellton.

Mrs. Colburn was prominent in her community and was deeply loved by all and her death brought sorrow to the hearts of many who will reverence her memory.

Surviving are her husband, N. E. Colburn, two sons, Clarence Colburn and Herbert Colburn of Yarrellton. Three brothers and two sisters survive as follows: Hugh Campbell of Ballinger; Seth Campbell of Kermit and Raymond Campbell of Dallas; Mrs. Eugene Claxton of Rotan, New Mexico and Mrs. Helen Tubbs of Ballinger. Three grand children also survive.

Jessie Stracener of Milano visited in Cameron Saturday.

Summer Program Of Baptist Gets Under Way Here June 3

With Summer Vacation facing youth and providing them with plenty of "time on their hands", the First Baptist Church of this city has started already to outline a program to care for the young people according to Rev. Lester L. Morriss.

The first part of the church's ministry to youth will get under way June 3 when the church's Young People's Secretary, Mrs. Earl Moseley will lead a caravan of young girls from 9 to 25 years of age to the Annual Y. W. A.—G. A. Houseparty. About 25 young ladies of the church are planning to make the trip, accompanied by Mrs. W. Dismukes, Y. W. A. leader, and Mrs. L. L. Morriss. The house party will be held at Mary Hardin-Baylor College in Belton and will be a three day affair.

The party will be highlighted with inspirational speakers, swimming, hikes, and stunts.

Immediately following the house party the church on June 6 swings into their annual Vacation Bible School which caters to youth from 4 to 17 years of age and will feature Bible Stories, Parade, Picnics, hand work, and singings. "June 6 will be preparation day when boys and girls of all faiths will be invited to sign up and take part in the big parade that follows" stated the pastor in announcing this special school. The school proper will begin June 9 and extend through June 20.

Sunday night, June 1 Rev. Morriss announces that in response to several inquires he will preach on the subject "What is the Unpardonable Sin?" This he stated promised to be an unusual service and he invited all people of every faith to hear this sermon.

OUR TOWN—

(continued from page one)

Cameron Theatre Thursday, May 29 for two days.

There will be those who will not like the picture. We can almost tell you who they will be. They may even be the same people who think we should give the atom secrets away. There is bound to be controversy.

But why did they make a picture about the atom bomb, anyway?

For the same reason that they invented the atom bomb. It had to be made.

When you see the picture you will understand better, know why this terrific power had to be loosed upon mankind. And you will realize why its dramatic story had to be told. And you will recognize, too, that we have come to a crossroads of civilization. We must choose the path for all humanity.

This is truly the beginning or the end.

JOHN RICHTER—

(continued from page one)

will be concluded.

Interment will be made in St. Monica's Cemetery in Cameron with the Marek-Burns Funeral Home directing arrangements.

The family of the deceased has been prominent in this community for many years. Mr. and Mrs. Richter were the parents of eleven children, three of them preceding their father in death.

Surviving are the following sons and daughters: Joe Richter, former deputy marshal and commander of the American Legion; Frank Richter, veteran with the Volunteer Fire Department; Bill Richter. well known Cameron business man with the Richter Transfer Company; Rudolph Richter, with the Coca-Cola Bottling Company here, and Albert Richter of Elgin; Mrs. John C. Andres, Mrs. Jerry Mikula and Mrs. W. J. Brashear, with Southwestern Bell Telephone Company, all of Cameron.

Seven grand children survive as follows: Frank Richter, Jr., veteran with the Army Air Corps in the late war; Mrs. L. J. Matula, Mrs. Brian McLaughlin, and Marjorie Ann Richter, all of Cameron, and Albert, Paul and Fredrick Gene Richter of Elgin. One great grand daughter, Patsy Matula survives. She is the daughter of Mr. and Mrs. L. J. Matula.

Pallbearers were: Framnk Richter, Jr., Louis J. Matula, Brian McLaughlin, Raymond Richter, Henry Richter, and Johnnie Richter.

Mrs. Inez Collins has returned from Lake Charles, La., where she visited her sister, Mrs. De Laureal and family, and was accompanied home by Miss Susan De Laureal, who will spend several weeks here.

Mrs. Frank Elder and baby daughter of Salina, Kansas are visiting her mother, Mrs. Grady Little.

WEATHER—

(continued from page one)

Oklahoma will have rain becoming mixed with snow as a new cold mass of air slid out of the cool climes in the Dakotas and the western Rockies, got loose and scampered through the skies to hit the Sooner state.

In north Texas rain was promised and while the weather will be warm Wednesday night by Thursday morning there will be a possible 20 to 30 degree drop in temperatures. Maybe.

Anyhow it is going to be much cooler. And there will be at least Thunder showers.

ANY MAKE RADIO repaired. Call 104. PARMA RADIO SERVICE.

Mr. and Mrs. Bill Marek left for their vacation Tuesday. They will go to Quebeck, Canada.

Mr. and Mrs. A. J. Triggs and son A. J. Triggs Jr. of Dallas were week end visitors here.
